## INDIA

### Udumalpet General Dominic Savio Offers Closed Orphanage Campus To: Timothy Program India As First "Boot Camp" For Training Young Men For Ministry **"Boot Camp" In Sayapatari, Tamil Nadu, India**

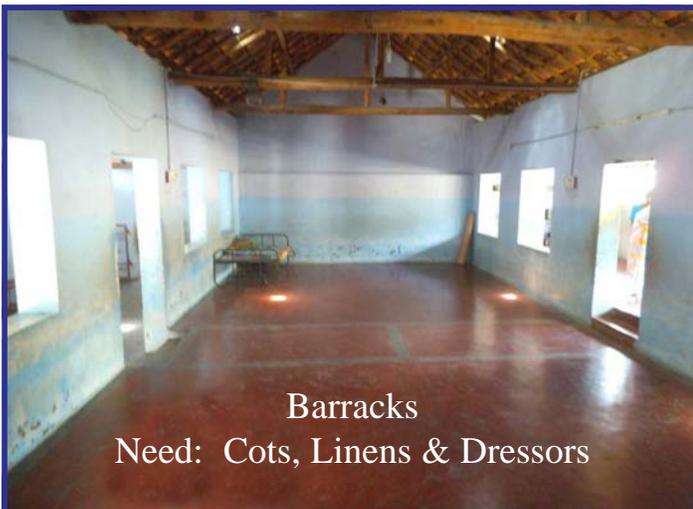

(left) Rev. Dominic Savio, one of TPI Missions "Generals," from Udumalpet, Tamil Nadu. He is an evangelist and has overseen the orphanage pictured at right. This orphanage is located in the village of Sayapatari just 20 km from Udumalpet. The population of Sayapatari is 800. The property is 1/4 of an acre and the building has 6,100 square feet. Modi, the new Indian Prime Minister's policies have closed thousands of Christian orphanages by making them subject to rules controlled only by the Indian government. This foolish decision has placed an enormous tax burden on Indian citizens and the results will be poorly administered orphanages. Yet ..., God has His plan!

Modi, the new Indian Prime Minister's policies have closed thousands of Christian orphanages by making them subject to rules controlled only by the Indian government. This foolish decision has placed an enormous tax burden on Indian citizens and the results will be poorly administered orphanages. Yet ..., God has His plan!

### **God's Plan: A Closed Orphanage Becomes TPI India's First "Boot Camp"**

(below left) Bedroom ("barracks") to house 12 new "Boots" and (below right) a dining room ("chow hall") to feed our "Boots-on-the-ground." Our Timothy Program India has been very successful in training active pastors and evangelists in India. These pastors and evangelists have been asking for a TPI training campus to send their children after they have passed their final 12th standard exams. God has given TPI India this campus to begin training young men to become the next generation's pastors and evangelists. These young men can earn an Associate of Biblical Studies degree in just 18 months. Then, they will be sent out to evangelize and open new churches throughout India.

Barracks

Need: Cots, Linens & Dressors

Study Hall

Need: Study Tables & Chairs

Dining Hall  
Need: Tables & Chairs

Toilet and Bathing  
Facilities  
Need: Paint &  
Repair

(left and above right) The large kitchen. (below right) The pantry. This facility has more than adequate space to feed and house our 12 new "Boots." It is already operational and will be ready to receive our first students on January 1, 2015. Rev. Dominic Savio has accepted the position of overseeing all of the activity of this campus to make certain of its success.

### TPI India Rapidly Expanding

The Timothy Program India is rapidly expanding. In fact, TPI India is such a success, we need to make every effort to keep the momentum going.

This TPI orphanage has been closed by the Indian Government. It has become a huge blessing to our efforts to raise up Christian leaders to help spread the Gospel. We will now use this facility as a "Boot" camp for the training of young men to preach the Gospel. We will be able to continually house and rapidly train 12 to 15 young men for 18 months and then bring more for training.

With a few thousand dollars, we can "refit" and paint this campus for the rapid training of young "Boots."
